

Announcement of Mae Hong Son City Provincial Police Station
Subject: Intentions and Commitment to the No Gift Policy (Refusing All Gifts
and Tokens of Appreciation from Performance of Duties)
(No Gift Policy)

Mae Hong Son City Provincial Police Station is firmly committed to enhancing our operations with transparency, prioritizing the public interest over personal gain, and eliminating conflicts of interest. This commitment aligns with the Revised National Reformation Plan on Prevention and Suppression of Corruption and Misconduct, which aims to ensure that all agencies operate with transparency, free from vested interests, and that every government official refrains from accepting any gifts or tokens of appreciation of any kind from the performance of their duties (No Gift Policy).

Therefore, we hereby declare the pledge and intention of the Chief of Mae Hong Son City Provincial Police Station and all police officers to refuse any gifts or tokens of appreciation from the performance of duties (No Gift Policy). Together, we shall foster an organizational culture and core values of integrity, reject patronage systems, and avoid any actions that could influence discretion or decision-making in our duties—which could lead to discrimination, unfair practices, or conflicts of interest. Furthermore, we aim to build public trust and confidence in our operations under the principles of good governance.

This is hereby announced for general acknowledgment and strict compliance by all personnel.
